

TRADITION 93[®]

93% Active Nonionic Surfactant

Principal Functioning Agents:

Alkylaryl polyethoxyethanol, free fatty acids, 2-butoxyethanol,
propylene glycol, dimethyl polysiloxane93%
Constituents ineffective as spray adjuvant7%

Total100%
Surfactant Content70%
Components exempt from the requirement of a tolerance in
40 CFR 180

GENERAL INFORMATION

TRADITION 93 is a 93% active nonionic surfactant formulated from the highest quality ingredients and specifically blended to increase pesticide effectiveness.

WARNING!

CAUSES SERIOUS EYE IRRITATION
HARMFUL IF SWALLOWED OR INHALED
KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS

Read label before use. **Wear protective eyewear, clothing and gloves.** If medical advice is needed, have product container or label at hand. Avoid contact with eyes, on skin or clothing. Avoid breathing vapors or spray mist. Remove and wash contaminated clothing before reuse. Wash thoroughly with soap and water and before eating, drinking, chewing gum, using tobacco or using the toilet. See Safety Data Sheet for further details regarding safe use of this product.

DIRECTIONS FOR USE

(Shake Well Before Using)

TRADITION 93 nonionic surfactant is a general purpose, low foaming spray adjuvant that improves the effectiveness of herbicides, insecticides, fungicides and defoliant. TRADITION 93 increases spray contact activity and improves spray penetration by providing more uniform spray coverage and by decreasing the spray surface tension. TRADITION 93 helps solubilize the leaf cuticle for better absorption.

USE RATES

HERBICIDES

TRADITION 93 may be used with many post emergence herbicides. Use rates vary from 1 to 4 pints per 100 gallons (unless otherwise directed) of spray solution with most post emergence herbicides that recommend the use of a nonionic surfactant. The herbicide product label should be consulted for actual use rates.

INSECTICIDES, FUNGICIDES, ACARICIDES

TRADITION 93 may be used at a rate of 2 to 8 ounces per 100 gallons of spray solution to enhance the wetting characteristics of an insecticide, fungicide or acaricide application. The product label should be consulted for actual use rates.

DEFOLIANTS

TRADITION 93 may be applied at a rate of 2 pints per 100 gallons of dilute spray solution when application is at the rate of 10 or less gallons per acre. Use 4 pints of TRADITION 93 per 100 gallons of spray solution when the application rate is greater than 10 gallons of spray solution per acre. The defoliant product label should be consulted for actual use rates.

NET CONTENTS: _____

STORAGE & DISPOSAL

Store product in original container. Do not store near heat or open flame. Do not reuse container. Do not contaminate water, food or feed by storage or disposal. Keep packaging closed, securely fastened and upright. Product may suspend in layers if stored below 22°F.

Triple rinse (or equivalent) prior to disposal. Add rinsate to spray tank. Offer container for recycling or dispose of in accordance with all applicable regulations. If burned, stay out of smoke.

FIRST AID

IF SWALLOWED:

- Call a doctor or poison control center immediately.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
- Call poison control center or doctor for treatment advice.

IF ON SKIN:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 – 20 minutes.
- Call a poison control center or doctor for treatment advice.

IF INHALED:

- Move person to fresh air.
- If person is not breathing call 911 or an ambulance, then give artificial resuscitation.
- Call a poison control center or doctor for further treatment advice.

CONDITIONS OF SALE AND LIMITATIONS OF WARRANTY AND LIABILITY

Acceptance of Terms – By purchase or use of this product, buyer and user accept these conditions of sale and limitations of warranty and liability. If these terms are unacceptable, return the product unopened for a refund.

Warranty Disclaimers – Rosen's Inc. and seller (collectively "Vendors") warrant that this product conforms to the chemical description on the label. This product is sold "as is" AND VENDORS MAKE NO OTHER WARRANTY, EXPRESS OR IMPLIED, AND SPECIFICALLY DISCLAIM THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT.

Inherent Risks – The directions for use must be followed carefully. It is impossible to eliminate all risks associated with this product. Crop injury, ineffectiveness, or other unintended consequences may result due to factors beyond the control of Vendors. Buyer and user assume all risks associated with the use or handling of this product.

Limitations of Liability – To the extent consistent with applicable law, buyer or user's exclusive remedy for any and all claims, losses, injuries, or damages resulting from the use or handling of this product shall be limited to the purchase price paid, or at the election of Vendors, the replacement of this product. Vendors are not liable for any consequential, incidental, or special damages, including lost profits.
