STORAGE AND DISPOSAL

Keep out of reach of children.

Store in the closed, original container in a well ventilated area, as cool as possible. Do not store for prolonged periods in direct sunlight. Under conditions below 0°C, TRIO STERYCON OIL PLUS SPRAY ADJUVANT may thicken and become cloudy. It returns to a normal clear liquid state above 0°C.

Triple rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on-site. If recycling, replace cap and return clean container to recycler or designated collection point.

If not recycling, break, crush or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available bury the empty packaging 500mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in accordance with relevant Local, State or Territory government regulations. Do not burn empty containers or product.

Refillable Containers: Empty contents fully into application equipment. Close all valves and return to point of supply for refill or storage.

SAFETY DIRECTIONS

Will irritate the skin. May irritate the eyes, nose and throat. Avoid contact with eyes and skin. Avoid inhaling. When opening the container, wear protective waterproof clothing and rubber gloves. Wash hands after use. When using together with other products, consult their label safety directions. After each day's use, wash gloves and contaminated clothing.

High Volume	200 – 500 L/ha	0.2 – 0.5 L

When spraying at volumes other than those shown above, apply TRIO STERYCON OIL PLUS SPRAY ADJUVANT at approximately 0.5 – 1.0L/ha.

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL
UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION**

GENERAL INSTRUCTIONS

TRIO STERYCON OIL PLUS SPRAY ADJUVANT is a highly penetrating spray adjuvant suitable for use with certain post emergent herbicides, pyrethroid insecticides, defoliants and desiccants. It improves pesticidal performance by utilising the excellent penetration effect of esterified vegetable oils in combination with the wetting and spreading characteristics of non-ionic surfactants. Read all directions for use on the TRIO STERYCON OIL PLUS SPRAY ADJUVANT label and on pesticide label. The pesticide manufacturer's directions and recommendations always take precedence over directions contained on this label.

COMPATIBILITY

TRIO STERYCON OIL PLUS SPRAY ADJUVANT is compatible with a range of products detailed in the Directions for Use table, however all instructions on the agricultural chemical's label must be strictly followed.

HERBICIDE SPRAYS

TRIO STERYCON OIL PLUS SPRAY ADJUVANT can be added to certain post emergent herbicides to increase their efficiency. In some situations, TRIO STERYCON OIL PLUS SPRAY ADJUVANT may reduce selectivity. Care must be exercised when applying TRIO STERYCON OIL PLUS SPRAY ADJUVANT with post emergent herbicides on sensitive crops under conditions where plants are subject to drought stress, high temperatures, and high humidity. If in doubt it is a sensible precaution to trial a small area before committing to large scale applications.

CROP SAFETY

Refer to the directions for use on the agricultural chemical label. Caution must be exercised when applying TRIO STERYCON OIL PLUS SPRAY ADJUVANT with agricultural chemicals on sensitive crops during periods when plants are subject to drought stress, high temperatures or high humidity. If in doubt it is a sensible precaution to trial by application to a small area before committing to large scale application.

MIXING

Follow directions on pesticide label. Half fill spray tank with water and add required amount of pesticide with agitation. Top up tank with water followed by addition of required amount of TRIO STERYCON OIL PLUS SPRAY ADJUVANT and continue agitation while spraying.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or watercourses with the chemical or used containers.

STORAGE AND DISPOSAL

Keep out of reach of children.
