#### PRECAUTIONARY STATEMENTS **Hazards To Humans And Domestic Animals**

WARNING: Causes eye and skin irritation. Harmful if swallowed or if in contact with skin. Do not get on skin, in eyes or on clothing. Do not eat, drink or smoke when using this product. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Take off contaminated clothing and wash before reuse. Avoid release to the environment.

#### PERSONAL PROTECTIVE EQUIPMENT

Wear eye protection, face protection, protective gloves and protective clothing.

#### **FIRST AID**

#### IF IN EYES:

- · Rinse cautiously with water for 15 to 20 minutes.
- · Remove contact lenses, if present and easy to do so. Continue rinsing
- · If eye irritation persists, get medical attention.

#### IF ON SKIN OR CLOTHING:

- · Take off contaminated clothing.
- · Rinse skin immediately with plenty of water for 15 to 20 minutes.
- If skin irritation occurs, get medical advice.

#### IF SWALLOWED:

- Call a poison control center or doctor if you feel unwell.
- Rinse mouth.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also call CHEMTREC at 1-800-424-9300 for emergency.

#### **ENVIRONMENTAL HAZARDS**

Do not contaminate water sources by cleaning of equipment or disposal of washwater.

#### **USE INFORMATION**

VEGETOIL is a superior formulation containing Vegetable oil with an emulsifier system designed to give maximum field performance when applied with pesticides. This product is ideally suited for low volume and ultra low volume aerial and ground applications. This product provides more pesticide on-target by reducing drift and surface tension. This product is fast acting, efficient and quick penetration, reduces chance of wash-off and loss of active material.

#### **DIRECTIONS FOR USE**

Always read and follow the label of the pesticides(s) and additive(s) to be used with this product. Always refer to the pesticide and additive label(s) for additional recommendations or precautions. Follow the most restrictive label. When applied under high humidity and high temperature conditions, care must be taken to assure that no varietal problems exist. A small test area is recommended to gain local experience.

#### **APPLICATION RATES**

Ground Application: Apply 2 quarts of this product per acre in 5 to 25 gallons of water plus pesticide (using pesticide label rate).

Aerial Application: Mix one quart of this product plus pesticide (using pesticide label rate) in enough water to apply a total spray volume of 5

ULV (Ultra Low Volume): Apply one quart of this product per acre plus pesticide (using pesticide label rate). Water is omitted from this application.

LV (Low Volume): Apply one quart of this product per acre plus pesticide (using pesticide label rate) in enough water to bring the total spray volume applied up to a maximum of 2 gallons per acre.

CDA (Controlled Droplet Application): Apply 3 to 6 pints of this product per acre. Do not add water. For use with water, add this product at the rate of 15% of the total spray solution. DO NOT exceed 2 guarts of this product per acre.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **PRODUCT STORAGE:** Keep container closed in storage. Do not allow water to be introduced. Store only in original container.

**CONTAINER DISPOSAL:** Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

#### WARRANTY— CONDITIONS OF SALE

OUR DIRECTIONS FOR USE of this product are based upon tests believed reliable. Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically directed and other influencing factors in the use of this product are beyond the control of the Seller. To the extent consistent with applicable law, Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith.

To the extent consistent with applicable law, in no case shall the Manufacturer or the Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product when such use and/or handling is not in strict accordance with directions given herewith. The foregoing is a condition of sale by the Seller and is accepted as such by the Buyer.
