

# EDTA Zn 9%

## VERSA EDTA Zn 9%

### GUARANTEED ANALYSIS 8-0-0

Total Nitrogen (N)..... 8.0%  
8.0% Ammoniacal Nitrogen (N)  
Zinc (Zn) ..... 9.0%  
9.0% EDTA Chelated Zinc (Zn)  
Derived from: Anhydrous Ammonia, EDTA & Zinc  
Oxide. EDTA is ethylenediaminetetraacetic acid.

KEEP OUT OF REACH OF CHILDREN  
**CAUTION**

### GENERAL INFORMATION

**VERSA EDTA Zn 9%** provides the micronutrient – zinc (Zn), to prevent or correct zinc deficiencies. **VERSA EDTA Zn 9%** is intended for use with and is compatible with most fertilizers – including ORTHO based phosphate fertilizers.

**VERSA EDTA Zn 9%** is designed for soil broadcast or row applications and foliar broadcast applications. **VERSA EDTA Zn 9%** is intended to be used as a supplement to a standard fertility program. Rates and type of applications may vary, based on soil pH, organic matter and crop needs. Used alone, **VERSA EDTA Zn 9%** may not provide all the necessary nutrition to maximize yields.

### APPLICATION RECOMMENDATIONS

Use in accordance with an approved nutrient management program.

#### Soil Applied Broadcast:

Apply 1 to 2 quarts/acre of **VERSA EDTA Zn 9%** for zinc maintenance. Apply 2 to 3 quarts/acre of **VERSA EDTA Zn 9%** for moderate zinc deficiencies.

Apply up to 4 quarts/acre of **VERSA EDTA Zn 9%** for severe zinc deficiencies.

#### Row Starter Fertilizer Applications:

Apply 1 to 2 quarts/acre of **VERSA EDTA Zn 9%** with row starter fertilizers, in band at planting or side-dress applications.

### TANK MIXING WITH FERTILIZERS

\*Always perform compatibility or jar test with all the tank mix components, before mixing large quantities.

1. Fill tank at least ½ full of liquid fertilizer.
2. Pour in desired rate of **VERSA EDTA Zn 9%** while agitating.
3. Finish filling tank with liquid fertilizer with agitation running.
4. If needed, add other chemicals after the **VERSA EDTA Zn 9%** + fertilizer mix has been prepared.
5. Maintain consistent tank agitation, until tanks are empty.

#### Broadcast Foliar Applications:

Apply 1 to 2 quarts/acre of **VERSA EDTA Zn 9%** alone or with post-emerge pesticide applications. Total carrier volume should be at least 10 GPA.

### FOLIAR TANK MIXING WITH PESTICIDES

\*Always perform compatibility or jar test with all the tank mix components, before mixing large quantities.

1. Fill tank at least ½ full of water.
2. Add AMS based water conditioner adjuvants and other tank mix adjuvants (as needed), while agitating.
3. Pour in desired rate of **VERSA EDTA Zn 9%**, continue agitation.
4. Add pesticides per label, continue agitation.
5. Finish filling tank and continue agitation until tanks are empty.

Weight Per Gallon: 10.9 pounds

### STORAGE & DISPOSAL

Store product in original container. Do not store near heat or open flame. Do not reuse container. Do not contaminate water, food or feed by storage or disposal. Keep packaging closed, securely fastened and upright. Product may suspend in layers if stored below 0°F.

Triple rinse (or equivalent) prior to disposal. Add rinsate to tank. Offer container for recycling or dispose of properly according to state and local authorities. If burned, stay out of smoke.

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

#### CAUTION

May be harmful if swallowed, inhaled or absorbed through skin. May cause eye and skin irritation. Avoid contact with eyes, skin and clothing. Avoid contact with open cuts or sores. Avoid breathing vapors. Use with adequate ventilation. Eye protection and gloves are suggested when handling undiluted product. Wash thoroughly after handling and using this product. In case of contact, flush with water. Get medical attention for eyes. Product users should avoid prolonged or repeated skin contact by wearing impervious gloves, long sleeve shirt, long pants, socks and rubber boots. Splash-proof safety goggles for eye protection are recommended.

#### FIRST AID

#### IF SWALLOWED:

- Drink plenty of water if conscious. Call a physician or poison control center immediately for advice on inducing vomiting. Do not induce vomiting or give anything by mouth to an unconscious person.

#### IF IN EYES:

- Immediately flush eyes with plenty of water. Continue flushing for at least 15 minutes and call a physician if irritation persists.

#### IF ON SKIN:

- Flush affected skin with water. Remove all contaminated clothing. Launder clothing before reuse.

#### IF INHALED:

- Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen and call a physician.

### NOTICE – READ CAREFULLY

**Condition of Sale** – Rosen's, Inc. (and seller) offer(s) this product for sale subject to and buyer and all users are deemed to have accepted the following conditions of sale and warranty.

**Warranty Limitation** – Rosen's, Inc. warrants that this product conforms to the chemical description on the label subject to the inherent risks referred to below. Rosen's, Inc. makes no other express warranties, which extend beyond the description on the label hereof. THERE IS NO WARRANTY OF MERCHANTABILITY and there are no warranties, which extend beyond the description on the label hereof.

**Inherent Risks** – The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks associated with use. Buyer assumes all risks associated with use of this product contrary to label directions or resulting from extraordinary conditions.

**Limitation of Liability** – In no case shall Rosen's, Inc. be liable for special, indirect or consequential damages resulting from the use or handling of this product and no claim of any kind shall be greater in amount than the purchase price of the product in respect of which damages may be claimed.
