

WILBUR-ELLIS®
Ideas to Grow With™

GUARANTEED ANALYSIS

Boron (B) 5.00%

5.00% Water Soluble Boron

DERIVED FROM: Boric Acid.

WARNING: This product contains boron. Its use on any other plants or under any other conditions other than those specified on the label may result in plant injury.

KEEP OUT OF REACH OF CHILDREN

DANGER

Causes severe skin burns and eye damage. Causes serious eye damage.

PRECAUTIONARY STATEMENTS

Do not breathe the mist or vapor. Wash thoroughly after handling. Wear rubber or chemical-resistant gloves, protective clothing, eye protection, and face protection.

FIRST AID

In all cases, call a poison control center or doctor for further treatment advice. **IF SWALLOWED:** Rinse mouth. DO NOT induce vomiting. **IF ON SKIN OR HAIR:** Remove immediately all contaminated clothing. Rinse skin with water. Wash contaminated clothing before reuse. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison control center or doctor.

For chemical spills, leaks, fire or exposure, call CHEMTREC: (800) 424-9300.

STORAGE AND DISPOSAL

Store locked up and in a safe manner. Store in original container only and keep tightly sealed when not in use. Store product and dispose of unused product and empty containers in accordance with federal, state and local regulations.

GENERAL INFORMATION

VERSATILE® BORON is a liquid micronutrient product containing 5.0% boron and formulated for maximum stability and effectiveness. **VERSATILE BORON** is effective and safe for both soil and foliar applications, is stable across a wide range of soil or spray tank solution pH and will not degrade in the presence of buffer adjuvants. **VERSATILE BORON** is ortho and polyphosphate compatible and offers exceptional tank mix compatibility with other nutrient sources and plant protection products.

VERSATILE BORON should be used as a comprehensive Total Nutrition System® for maximizing plant growth, yield and quality.

FUNCTION OF BORON IN PLANTS

Boron is required for differentiation of cells at growing points, the regulation of carbohydrate metabolism and is critical for pollination and fertilization. Boron deficiencies are commonly associated with coarse-textured, well-drained soils. High soil pH may also lessen boron availability.

DIRECTIONS FOR USE

VERSATILE BORON may be applied as foliar treatments, soil injection, surface dribble or spray, or metered into irrigation systems.

FOLIAR APPLICATIONS: Foliar application of **VERSATILE BORON** is a means of obtaining a quick response to needed micronutrients. Foliar applications of **VERSATILE BORON** may be particularly beneficial during periods of peak nutrient demand, to crops growing on soils having poor nutrient availability or to crops suffering from a weakened root system. Avoid foliar nutrient applications to crops suffering from moisture, salinity or heat stress. Applications of micronutrients to fruit within 30 days of harvest may result in staining of rind or fruit.

When foliar applying through a conventional ground sprayer, a minimum of 20 gallons of water per 1 quart of **VERSATILE BORON** is recommended. Higher concentrations may result in burning. When foliar applying in low volume spray equipment, a maximum of 1 quart per acre is recommended. Burning may occur in low volume sprays. When applying multiple **VERSATILE** products in a single tank mix, do not exceed 3 quarts per acre for all **VERSATILE** products. For best results spray when the crop is actively growing after irrigation or rainfall and include a high quality CPDA approved adjuvant, such as RAINIER-EA® or R-11®, to maximize

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.html>

cover and uptake. Foliar applications to certain crops or varieties may result in spotting of foliage or fruit. If unsure of crop safety for the crop in question, then spraying a small area first for observation is advised.

DECIDUOUS FRUIT AND NUTS: 1-2 quarts per acre per application as needed any time during the growing season.

WINE AND TABLE GRAPES: Limit rates to 1 quart per acre per application as needed any time during the growing season.

FIELD AND ROW CROPS: 0.5-1 quart per acre per application as needed any time during the growing season.

VEGETABLE CROPS: 0.5-1 quart per acre per application as needed. Reserve the 1 quart rate for more developed plants.

TURF AND ORNAMENTALS: 0.5-1 quart per acre (0.36-0.74 ounce per 1,000 sq. ft.).

ALL OTHER CROPS: 0.5-1 quart per acre per application as needed any time during the growing season.

SOIL APPLICATIONS: **VERSATILE BORON** may be applied with pop-up or starter fertilizers, side-dress or water-run fertilizers, broadcast or banded. **VERSATILE BORON** will not foul low volume irrigation systems or plug emitters. **VERSATILE BORON** may be applied with other **VERSATILE** products or as a stand-alone treatment. Repeated applications at reduced rates may be more efficient than single higher rate applications. Soil-applied **VERSATILE BORON** is recommended at 1-4 quarts per acre per application for all crops.

FERTILIZER IMPREGNATION: **VERSATILE BORON** may be used to coat dry fertilizers to maximize distribution uniformity of the desired micronutrients. Rates as high as 1.5 gallons per ton may be used depending on the dry fertilizer to be coated, blender and prevailing environmental conditions.

COMPATIBILITY

VERSATILE BORON is compatible with most slightly acidic to alkaline fertilizers. **VERSATILE BORON** is not compatible with strongly acidic fertilizers such as phosphoric acid, sulfuric acid or urea sulfuric acid. **VERSATILE BORON** is compatible with most plant protection products. Always jar test new combinations for compatibility before field mixing.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of the product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED "AS-IS," AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Buyer and User accept all risks arising from any use of this product, including without limitation uses contrary to label instructions, under abnormal conditions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

To the extent permitted by law, neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
