

GUARANTEED ANALYSIS

Iron (Fe).....2.25%
2.25% Chelated Iron

DERIVED FROM: Iron EDDHA.

ALSO CONTAINS NON-PLANT FOOD INGREDIENT:

2.50% Humic Acids derived from Leonardite.

F2544

GENERAL INFORMATION

VERSATILE® IRON-SHIELD® II is a liquid micronutrient iron product chelated with EDDHA for maximum stability and effectiveness. This product is safe for applications where soil chemistry is prone to produce iron chlorosis. It is stable across a wide range of soil or spray tank solution pH levels.

This product should be used in a comprehensive Total Nutrition System® for optimizing soil/nutrient conditions for plant growth, development, yield and quality.

DIRECTIONS FOR USE

VERSATILE IRON-SHIELD II may be applied as an in-furrow treatment, soil injection, surface dribble or spray, fertigated with irrigation water, impregnated on dry fertilizer, or applied as a soil drench in new plantings.

SOIL APPLICATIONS: This product may be applied with pop-up or starter fertilizers, side-dress or water-run fertilizers, broadcast or banded. Follow the mixing directions above. Apply 2-4 quarts per acre. Higher rates may be used if needed.

VERSATILE IRON-SHIELD II may be sprayed over the top of seed beds. Dilute 1-4 quarts in sufficient water to treat one acre and band or dribble over the top of seed beds.

This product may be used in new orchard or vineyard plantings as a drench. Dilute 0.5 fl oz per tree or vine in the desired amount of water and apply to the planting site as a drench.

VERSATILE IRON-SHIELD II may be used in transplant water when planting vegetable or other annual transplants. Dilute 1-2 pints in the desired amount of transplant solution for one acre and apply at transplanting.

FERTILIZER IMPREGNATION: This product may be used to coat dry fertilizers to maximize distribution uniformity of the desired micronutrients. Rates as high as 1.5 gallons per ton may be used depending on the dry fertilizer to be coated, blender and prevailing environmental conditions.

It may be applied through fertigation equipment and will not foul low volume irrigation systems or plug emitters.

This product may be applied with other VERSATILE products or as a stand-alone treatment. Repeated applications at reduced rates may be more efficient than single higher rate applications. Soil-applied is recommended at 1-4 quarts per acre per application for all crops.

COMPATIBILITY

VERSATILE IRON-SHIELD II offers exceptional tank mix compatibility with most slightly acidic to alkaline nutrient sources and plant protection products. Some strong phosphate liquid fertilizers such as 6-24-6 and 10-34-0 can negatively affect the suspension chemistry of this formulation. When mixed directly with these types of products, dilute the desired rate of VERSATILE IRON-SHIELD II with an equal volume of water or UAN solution before adding the fertilizer.

This product will lose chelate activity if combined with strongly acidic fertilizers such as phosphoric acid, sulfuric acid or urea sulfuric acid. Consult with your local ag representative on compatibility with other spray materials. Always jar test new combinations for compatibility before field mixing.

PRECAUTIONARY STATEMENTS

KEEP OUT OF REACH OF CHILDREN

Based on currently available data, this product is not classified as a GHS hazardous substance. However, observe good industrial hygiene practices. Wash hands after handling. Refer to the Safety Data Sheet if first aid instructions are needed.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Store in original container only and keep tightly sealed when not in use. Store away from incompatible materials. Dispose of contents/container in accordance with federal, state and local regulations.

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.html>

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of the product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED "AS-IS," AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Buyer and User accept all risks arising from any use of this product, including without limitation uses contrary to label instructions, under abnormal conditions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

To the extent permitted by law, neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
