

WAI INVADE

“SUPER WETTING AGENT”

WAI INVADE is an 80% active, nonionic agricultural spray tank adjuvant.

WAI INVADE is a unique blend of surfactants providing surface tension reduction to as low as 25 dynes/cm.

WAI INVADE is not effected by pH or fertilizers and is compatible with a wide variety of pesticides.

When the correct quantity of **WAI INVADE** is used, it will produce a smooth wetted surface which reduces the possibility of spot injury from large pesticide droplets.

CAUTION: CAUSES EYE IRRITATION

Notice: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use, storage or handling of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. The risks include, but are not limited to damage to plants, crops and animals to which the material is applied, failure to control pests, damage caused by drift to other plants or crops, and personal injury.

Principle Functioning Agents:
Super Wetting Agents, Orange Oil.
TOTAL Principle Functioning Agents.....80%
Constituents ineffective as a spray adjuvant.....20%
Exempt from tolerance under EPA 40 CFR 180.1001 (c).

DIRECTIONS FOR USE:
For use as spreader and reduce surface tension to 25 dynes/cm:
1 quart per 100 gallons
For use as plant penetrant:
2 quarts per 100 gallons
Always follow pesticide manufacturers' recommendations.

Manufactured For:

www.westernag.com
(503) 868-7510

Net Contents: 2.5 Gallons
